How can we help to increase resilience of the most vulnerable segments in our society against the impacts of climate change through innovative insurance solutions?

Participants (senior & mid-level)

- Insurance supervisors & regulators
- Insurance associations
- Industry representatives
- Policymakers
- Tech representatives
- Consumer representatives
- Other important stakeholders

Methodology

- start dialogue, build networks
- analyse country systems
- benefit from peer knowledge exchange and cooperation
- supported by experienced change facilitators
- prototype innovative solutions
- disrupt your insurance market

3 – 4 country teams

- 12-month process of continuous exchange and learning
- 3 national workshops
- 3 international workshops
“We’ve found solutions with each other and we’ve had this great opportunity to exchange experiences and learnings from each other.”

Mimoza Kaçi, Deputy Executive Director, Albanian Financial Supervisory Authority

“If you allow people to playfully come up with ideas, crazy ideas, if you work with prototypes, and if you try to develop prototypes you are likely to be innovative.”

Leona Abban, Client Relations Manager, MicroEnsure Ghana

Applications from insurance supervisory authorities are now open.

Deadline: 28 May 2021
