

# **Access to Insurance Initiative**

A global programme for sound regulatory and supervisory frameworks

African Regulators Workshop 26 May 2011, Elephant Hills Hotel, Victoria Falls

 Strengthen the capacity of supervisors to advance access to insurance markets for low income population by means of effective regulation and supervision

Lifespan of the Initiative is 7 years (October 2009 – October 2016)
 Three year initial period focuses on knowledge generation and awareness raising activities. This period will be followed by a three year period that focuses on implementation

# Background of the Initiative

- Joint Working Group between IAIS and Microinsurance Network operating since 2006
- Microinsurance Network since 2003 as dialogue platform for bi- and multilateral agencies, international organizations and experts with Working group on regulation, supervision and policy
- IAIS (International Association of Insurance Supervisors) insurance regulators from 140 countries. Initiated work on microinsurance regulation in 2007

### The Initiative is a partnership between:

- International Association of Insurance Supervisors (IAIS)
- German Federal Ministry of Economic Cooperation and Development (BMZ)
- Consultative Group to Assist the Poor/ World Bank (CGAP)
- International Labour Office (ILO)
- FinMark Trust
- United Nations Capital Development Fund (UNCDF)

The Secretariat of the Initiative is hosted by German Development Cooperation (GIZ)

The Initiative is a partnership between:

Hosted by:

# **Funding Partners**

#### For activities at regional level

#### For activities at national level

## **Governing Structure**

**Advisory Committee** 

Henry Yan, Secretariat of the Access to Insurance Initiative

Brigitte Klein (Chair), GIZ on behalf of BMZ

Hennie Bester, FinMark Trust

Craig Thorburn, World Bank/ CGAP

Martina Wiedmaier-Pfister, GIZ on behalf of BMZ

Mala Nag, IAIS

Craig Churchill, ILO

Yoseph Aseffa, ILO

Henri Dommel, UNCDF

Arup Chatterjee, ADB

#### **Governing Board**

Jonathan Dixon (Chair), FSB, SA Yoshihiro Kawai, IAIS Armando Caceres, SBS, Peru P. Prabakhara, IRDA, India Susanne Dorasil, BMZ Timothy Lyman, CGAP Maya Makanjee, Finmark Trust, SA Craig Churchill, ILO Brigitte Klein, GIZ on behalf of BMZ

Henry Yan, Executive Director

#### **Technical Team**

Consists of representatives of sponsoring partners **Craig Thorburn** (Head of Technical Team) Hennie Bester, Martina Wiedmaier-Pfister, Yoseph Aseffa

retwork

Joint Working Group

Dr. Adel Moneer Rabeh, EFSA, Egypt

## 1. Generate knowledge and learning

Country diagnostics using a standardised methodology (toolkit, including ICP assessment)

### 2. Contribute to the IAIS standard setting

 Input to guidance papers and standards (through IAIS-MIN Joint Working Group)

### 3. Capacity development of supervisors

- Regular exchange in the Joint Working Group and dialogue events
- IAIS training tools and instruments (modules; e-learning platform; web based self assessment tool)
- Building up an expert cadre

#### 4. Triggering Market Change

 Piloting and implementation of standards and guidance in partnership with selected pilot countries/ supervisors

# Mode of operation of the Initiative

#### The Initiative...

- operates as a partnership, hosted by GIZ
- follows the primacy of the IAIS as international standard setter and coordinating body for the regulation and supervision of insurance
- triggers implementation at national country level in alignment with
  - Multilateral and bilateral donors
  - Global initiatives

# What makes an activity an A2ii activity?

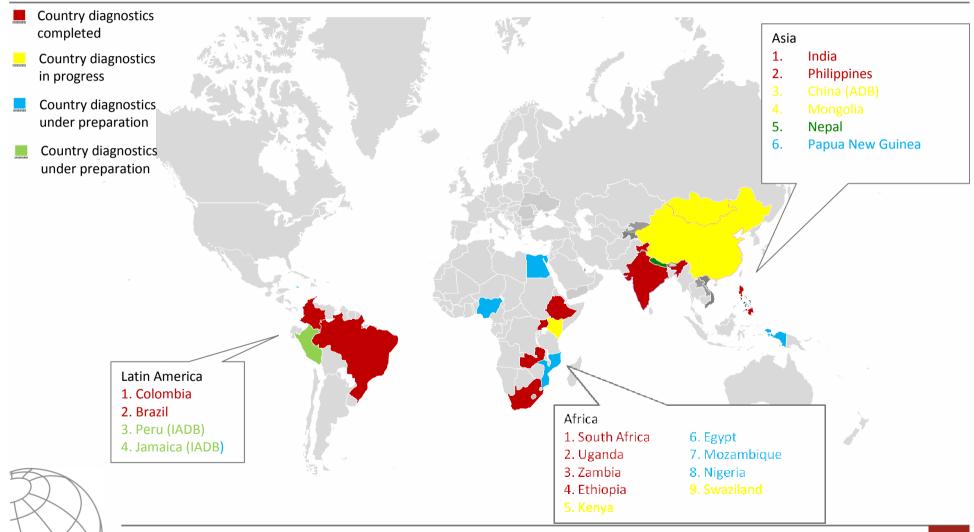

#### **Criteria for Initiative activities**

- Buy-in from and involvement of the supervisor
- Funding is available
- Approved by Initiative governance body
- Meets the objectives of the Initiative
- Applies methodology and performance indicators of the Initiative
- Subject to quality management by the Initiative

# **Current A2ii Activity Mapping**

# Current A2ii Africa Activity Mapping

Egypt Funded by: To be explored: AfDB, Others Timeline: IV quarter 2011 Uganda Funded by IDRC Canada, Gates Foundation, FinMark Trust and GIZ/BMZ Timeline: IV quarter 2008 Nigeria Funded by: GIZ Nigeria, MFW4A Timeline: IV. quarter 2011 Zambia, Ethiopia Funded by: ILO/UNCDF, FinMark Trust Timeline: 2009 CIMA (Cameroun, Senegal, Benin) Kenya Funded by: World Bank, UNCDF Funded by: ILO/UNCDF, GIZ Kenya FSD Timeline: II. quarter 2011 Programme Timeline: 2010 Mozambique Funded by: UNDP/UNCDF, FinMark Trust, South Africa GIZ FSD Programme Funded by: IDRC Canada, Gates Timeline: IV quarter 2011 Foundation, FinMark Trust and GIZ/BMZ In preparation Timeline: 2009 In progress Swaziland Completed Funded by: Supervisor, FinMark Trust Timeline: 2011

## The Initiative's Progress (1)

#### The Initiative has:

- Initiated country diagnostic studies in **China** and **Mongolia** funded by the Asian Development Bank (ADB) and the German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU)
- Contributed to the "IAIS-MIN Joint Issues Paper on the Regulation and Supervision of Mutuals, Cooperatives and other Community-based Organisations in Increasing Access to Insurance Markets"

## The Initiative's Progress (2)

#### The Initiative has:

- Introduced through its partnership with the IAIS as standard-setting body the subject of microinsurance and the Initiative's approach into the action plan of the G20 Financial Inclusion Experts Group and the Financial Stability Board
- Organized international dialogue events for policymakers, regulators and supervisors: in
  - Berlin with support from BMZ and the German Federal Financial Supervisory Authority
  - Basel with the Financial Stability Institute
  - Cape Town with FinMark Trust
  - Manila with the Munich Re Foundation, the Microinsurance Network (MIN) and the Philippines Insurance Commission

# Value proposition for Funding Partners (1)

### The Initiative offers a powerful value proposition by

- The uniqueness of the programme through link to the IAIS as Standard Setting Body on financial inclusion
- Embodying best practice in donor coordination through its multi-donor structure
- Being able to disburse funding and oversee the implementation of projects in over 130 countries through its host GIZ and other development organisations

# Value proposition for Funding Partners (2)

#### The partnership with the IAIS brings a number of benefits

- Access to IAIS (dialogue, training and standard)
- Access, including direct communication and cooperation, with insurance supervisors
- Involvement in the financial inclusion initiative of the G20
- A growing brand value both through its partner relationships and its methodologies and activities

# Benefits for supervisors and policymakers

#### Supervisors and policymakers benefit from the Initiative by:

- Participating in dialogue activities, and sharing knowledge enabling them to benefit from the lessons of other countries
- Participating in capacity building events and accessing training material
- Using the proven methodology and tools of the Initiative
- Availing Initiative support for their fundraising efforts to finance a country diagnostic and reform implementation activities
- Contributing to and influencing the global discussion, and the development of synthesis and standards and guidance on microinsurance RSP

## 1. Benefits to supervisors

Market analysis, regulatory assessment and capacity building International knowledge

# 2. Benefits to funding partners

Coordination with international standard setter and local countries
Consistent approach to working with regulators
Knowledge of specialist area

## 3. Benefits to the A2ii and IAIS

Knowledge sharing (to accelerate market development)
Input to international standard setting

# A2ii Methodology (Toolkit I)

#### Toolkit I – A2ii Country Diagnostic

- Deliver a thorough diagnostic (context, demand, supply, RSP)
- Understanding of the broader economic and financial sector context within which the insurance sector can develop
- Facilitate the domestic stakeholder dialogue and provide an understanding of the position and role of various stakeholders in the market
- Identify the drivers of market development, the opportunities and challenges or barriers to inform a strategy for microinsurance market development

# A2ii Methodology (Toolkit I)

## Main elements of a A2ii Country Diagnostic

Financial Infrastructure

**Demand: clients** 

Supply: players, products, distribution

Policy, regulation, supervision

**Drivers** 

Opportunities & challenges

Strategic recommendations

# A2ii Methodology (Toolkit II)

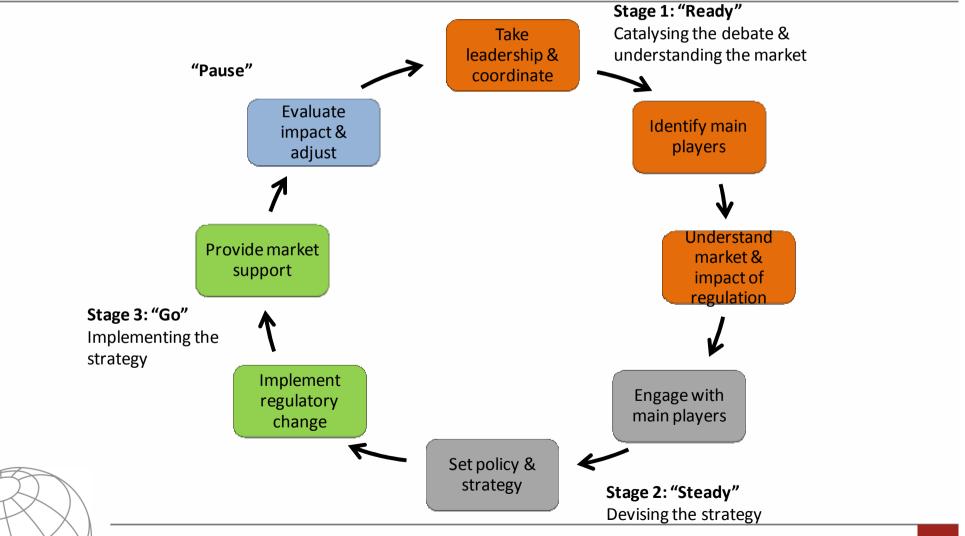

#### **A2ii Toolkit II – Country Strategy Process**

- Toolkit II is aimed at any interested party wishing to proactively promote microinsurance development in a specific country: government, associations, donors or their coordination groups
- It is intended as a practical tool to guide the reader through the questions that are most likely to arise, e.g.
  - 1. What does a mature microinsurance market look like?
  - 2. Is it necessary to actively facilitate microinsurance development?
  - 3. How do you develop a microinsurance strategy?
  - 4. Who takes the lead and who pays?
  - 5. How long will it take?

# Process and elements

#### Through working with the Initiative, supervisors:

- Can access the global standard setter on insurance (IAIS)
- Work with international organisations with a co-ordinated approach on microinsurance
- Apply a rigorous methodology for policy and regulatory development
- Participate in the considerable activity in Africa and knowledge sharing on microinsurance

...with the goal of increasing access to insurance.
